PROFILE

Creative and highly productive web developer with a passion for problem solving. Proficient in React, JavaScript, CSS and Node.js. Dedicated to learning additional technologies and coding languages (currently enrolled in a Clojure Script course). Constantly seeking the best mentors to gain a deeper understanding of programming and computer science. World class jazz guitarist with years of entrepreneurial experience including leadership, marketing, and teamwork. Humble and ready to learn from more experienced developers. Looking to be a hard-working asset to any team, to grow and develop long-term.

EMPLOYMENT HISTORY

Freelance Web Developer

Dec 2018 — Dec 2020

- **www.phillcodes.com**
 - Designed and built using React, GatsbyJS, SASS, Javascript, RESTful APIs.
 - Used Google Lighthouse to optimize site performance and SEO.
 - Built chat bot UI to interact with Twilio API.
 - Built Particle Engine component using HTML5 canvas. This involves animations, trigonometry, event handlers, useRef, useEffect React hooks.
 - CI/CD - Deployed on AWS with CodePipeline, CloudFront, S3, and Route53.
 - **Amazon Connect | AWS Lambda**
 - Built Amazon Connect call center that integrates an Amazon Lex chat bot.
 - Calls are filtered through an AWS Lambda function that performs a data dip and routes the call according to users phone number.
 - Lambda function checks user data against DynamoDB table.
- **www.thefunkyknuckles.com**
 - Designed and Built using Squarespace
 - set up eCommerce page for CDs and Merch using Square.
 - Created website content, and designed band merch and album covers using Adobe Photoshop, and Illustrator.
 - Edited video content using Adobe Premiere.

Composer, Strange Loop Games

Sep 2019 — Sep 2020

- Composed interactive/adaptive music for the award winning game ECO.
- Worked with developers and audio team to make music react to game-play.
- Met every deadline with work of the highest quality.

Musician | Guitarist

May 2000 — Present

- Decades of self-motivated learning, communication, marketing, branding, teamwork, leadership, and business skills.
- Band leader and tour manager - booking, touring logistics and finances.
- Artist/designer - sold thousands of t-shirts and albums with original designs.
- Designed and deployed www.theFunkyKnuckles.com and www.PhillAelonyMusic.com.
- Produced album that reached #1 on iTunes Jazz Charts.
- 15 years of teaching/mentoring experience.

EDUCATION

University of North Texas, Bachelors in Jazz Studies

Aug 2002 — May 2007

- Graduated top of class - degrees in guitar performance and music theory.
- Received jazz guitar scholarship each year enrolled.

Scrimba, Responsive Web Design Certificate

Aug 2020 — Oct 2020

- In-depth studies of HTML semantics, CSS flex-box, and CSS grid.
- UX, UI, typography, and design concepts.

Udemy, Fullstack Web-Development Certificate

Jan 2020 — Jul 2020
