PROFILE

Determined and productive web developer with a passion for problem solving. Proficient in React, JavaScript, CSS and Node.js. Dedicated to learning additional technologies and coding languages (currently enrolled in a Clojure Script course). Constantly seeking the best mentors to gain a deeper understanding of programming and computer science. World class jazz guitarist with years of entrepreneurial experience including leadership, marketing, and teamwork. Humble and ready to learn from more experienced developers. Looking to be a hard-working asset to any team, to grow and develop long-term.

EDUCATION

University of North Texas, Bachelors in Jazz Studies

Aug 2002 — May 2007

- Graduated top of class - degrees in guitar performance and music theory.
- Received jazz guitar scholarship each year enrolled.
